DO YOU KNOW

That many firms all over the United States are devoting more and more effort to building up their business by keeping in touch with their out-of-town customers over the long distance telephone?

They anticipate a customer's needs, announce the arrival of new goods, suggest the stocking of certain lines and generally show an interest in his welfare that can not help being appreciated by him.

This means an increased business and a welding together and identification of the interests of both parties to their mutual benefit.

Every Bell Telephone is a long distance station and it will be an easy matter for you to give this plan a trial.

We shall be pleased to co-operate with you in every way possible.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

A Campaign that Paid

"The results of our Long Distance selling campaign by Bell Telephone paid us wonderfully well. We will call up some more of our out-of-town customers when our new lot of goods arrives."

This illustrates the modern way of selling goods---by Long Distance telephoning. Why not apply it to your business?

Your Bell Telephone is a Long Distance Station.

THE PACIFIC TELEPHONE

Old Customers Made New

In conducting a "Selling by Telephone" campaign, a local dealer in household supplies hit upon the novel idea of referring to old sales books and calling former customers by telephone. He did not limit his campaign to the local field but made calls by telephone hundreds of miles away.

Besides greatly increasing sales, the direct personal appeal made over the telephone was appreciated by every one called, working much good for future business.

Our "Long Distance" service has made it possible to talk to 1800 cities and towns between Vancouver, B. C., and the Mexican line.

Look through *your* old sales books today and increase your sales by telephone.

THE PACIFIC TELEPHONE

In placing calls for towns listed in this directory, subscribers will greatly facilitate the call by giving to the Operator the telephone number of the party wanted.

"THAT LETTER JONES PROMISED

did not come today so I called him by Long Distance Telephone as the matter was so important. I found out immediately just what I wanted to know and the entire conversation only cost forty cents. I intend to use my telephone more in future as many times it does not pay to wait for a reply by mail."
